

Enriched Academy Announcement

*Investing in students with our
annual scholarship program*

June 19, 2023 – Enriched Academy is proud to announce that their 2022/23 scholarship program has awarded \$35,000 in scholarships to high school and post-secondary students across the country to help further their education. Students completing our Enriched Start or Wealth Mastery online programs were eligible to apply, and 47 students ended up taking home individual rewards ranging from \$500 to \$2000.

Our video-based online programs for students covers everything from budgeting and saving, to the whys and how of investing, to practical hints for landing that first part-time job. The course is specifically designed to appeal to youth and young adults. The engaging content is a mix of action items students can use right now as well as personal finance fundamentals they can depend on throughout their lifetime.

Applicants could choose from either a written essay or video submission on what they liked about our program, their key takeaway, and what they plan to do with their scholarship winnings.

Max Manasal, a \$2000 award recipient from Calgary will soon be heading off to university and said, *“the financial reality of post-secondary quickly hit me and upon taking the course, I was enlightened towards the different methods I can use to tackle student debt.”*

Diyah Minhas, a high school student and \$1000 early-bird winner back In January commented, *“This course assisted me in realizing there is so much more to being financially independent than just saving money.”*

This is the third year since the launch of the Enriched Academy scholarship program, and it has awarded a total of over \$70,000 during that period.

Learning to manage our financial life is a critical life skill and Enriched Academy is proud to be bringing financial literacy to classrooms and lecture halls across the country. We encourage all students to take an active interest in managing their financial affairs and would like to extend our gratitude to all the students who applied for our 2022/23 scholarship program. Details of our 2023/24 scholarship program will be available on our website in the fall of 2023.

If you would like to learn more about our scholarship program or how to get Enriched Academy programs in your school, please reach out to amy.martin@enrichedacademy.com
